

# MEET MANAGER

June 9, 2017

## WELCOME

- The goal of any competition volunteer or official is to contribute to a fair, safe and positive competitive environment.
- The goal of the Meet Manager clinic is to ensure the overall understanding of the role of the Meet Manager
- The Meet Manager position will allow you to understand the full operations of a swim meet, learn to delegate effectively and balance multiple priorities
- Working with a Mentor Meet Manager your first few times as Meet Manager will allow you to learn more effectively on the job.

## PREFERRED PREREQUISITES

- A general interest in the sport of swimming
- An interest in the fair conduct of sport
- Personal commitment and availability for the role
- Ability to work in a fast paced and demanding position
- An understanding of the operations of a swim meet
- Completion of the Clerk of Course, Recorder/Scorer and Chief Finish Judge/Chief Judge Electronics Clinics and have had experience working in these positions

## THE PROFICIENT SWIMMING OFFICIAL

The proficient swimming official is a judge of the competition, not the rules.

- The swimming rules must be followed. The official who has standards that differ from those set down in the rulebook may leave themselves open to having their decisions challenged by coaches and the referee.
- Following the rules puts a stake in the ground that tells everyone concerned with the competition that the decisions will be made in a fair and equitable manner against a known standard.
- The official's job is to uphold the rules by applying them equitably and communicating their interpretation effectively

## THE PROFICIENT SWIMMING OFFICIAL (CONT'D)

- As an official, an individual must operate from a strong base. That base is made up of two factors – one is the authority of the rulebook and the other is the basic philosophy that the officials conduct the competition in accordance with the rules.
- Each time a rule and the purpose of that rule are explained, the rule becomes easier to accept. Rather than hiding behind the statement "It's the rule", an official should explain why there was a violation so the official does not appear to be arbitrary.
- While the rules of swimming are clear, their application may differ slightly based on the level of competition.

## MEET MANAGER – PRE-MEET

Swimming Canada site will manage coaches entry files. The site will:

- Validate the swimmers: Swimming Canada Registration number; Name; Date of Birth; Club; All swimmers must be fully registered with their provincial section and Swimming Canada or with a FINA recognized federation in order to enter and compete in a sanctioned competition.
- All entries must be done through the Swimming Canada Registration System. A meet manager should never accept entries outside of the Swimming Canada system. The only exception is foreign swimmers not registered with Swimming Canada. These swimmers must be entered manually
- Contact your PSO for specific policies and procedures related to foreign swimmers

## MEET MANAGER – PRE-MEET

- Notify the Meet Manager when an entry file has been received by the system
- Post status of entry file – accepted, rejected, pending
- Allow the Meet Manager to send emails directly to the coaches and/or entry coordinator
- Provide validation report on swimmer entry times
- Entries can be received after the entry deadline by sending coaches to the “Upload Entries Webpage” for your meet. The “Go To Uploads Entries Page” is a webpage specific to your meet where coaches can upload their entries

## SUB-COMMITTEE – AWARDS

- Create a committee of 2-3 people to manage the awards (if required)
- Smaller meets – the Meet Manager may take care of this themselves
- Calculate the number of medals and/or ribbons required – you can count manually via the Meet Package, or use the meet management software to provide the count
- Order the awards needed a minimum of 3 months prior to the meet
- Determine how awards will be handed out during the meet – by presentation with podium or prepared and given out at the end of the meet
- Meet Management software can produce labels for printing and use with the awards
- Best practice to use large envelopes to organize the medals/ribbons by Club to be picked up at the end of the meet

## SUB-COMMITTEE – OFFICIALS

- Typically 2 groups that will assist with organizing officials for the meet
- Senior Officials – organized by the Competition Coordinator
- Local Officials Chairperson – who will organize all local Club officials
- Officials chairs will publish schedule and assignment as soon as it is finalized
- Best Practices:
  - Arrange 2-3 spare timekeepers on call in case of sickness and no shows
  - Organize officials room with required supplies (pencils, clipboards, etc)
  - Post assignments for check-in in the officials room to manage day(s) of meet

## SUB-COMMITTEE – PROGRAM SALES

- The heat sheets or full meet program will be finalized after the entry deadline prior to the start of the meet
- Welcome letter, sponsorship and advertising inserts should be arranged well in advance for inclusion in the program
- Determine cost for heat sheet or full meet program (ie. \$3 for heat sheet sold by session, or \$10 for full meet program which will include all heat sheets for preliminary and time final sessions)
- With the new technology of Meet Mobile, some Clubs may move to paperless options and not provide any printing options. Allowing spectators to view and/or purchase their heat sheets on line.
- Heat sheets will still be required for officials and coaches on deck.

## SUB-COMMITTEE – PROGRAM SALES

- Finals programs prepared each day after scratch deadline for once preliminary sessions complete – will need access to photocopier or supplier to prepare
- Number of programs/heat sheets to order:
- Heat sheets – coaches/on-deck officials (estimate number of coaches in attendance, plus officials – i.e 20-25 for 8 lane pool)
- Programs for sale – good rule of thumb – order 50% of the total number of swimmers in the meet

## SUB-COMMITTEE – HOSPITALITY

- A committee of 2-5 people depending on the size of the meet and food offered will be ideal
- Supply of water, coffee, cold drinks, veggies, cheese and crackers, cookies etc., will keep officials and coaches coming back to future meets
- Consider refillable water bottles to reduce waste
- Hot meals may be offered between sessions if one or more preliminary/timed finals sessions plus finals sessions are included in the meet
- Food sponsors should be researched to help offset the cost with advertising in the program offered
- Best practice to set a budget in advance so committee has ability to plan effectively

## SUB-COMMITTEE – VENDORS/CONCESSION

- Determine facility requirements/limitations to the set-up of a Club run concession stand. Will require staffing during the meet, so a committee to manage this alone will be required
- Decide if vendors will be invited to larger weekend meets
- Potential vendors may include – meet t-shirt supplier, Team Aquatic Supply/AQUAM for equipment sales, photographer
- If vendors invited, agree on revenue sharing options

## SUB-COMMITTEE – BILLETING

- Please check with your Provincial section for policies and procedures on billeting options as in some cases this option no longer exists due to risk management concerns.

## FACILITY RELATIONS

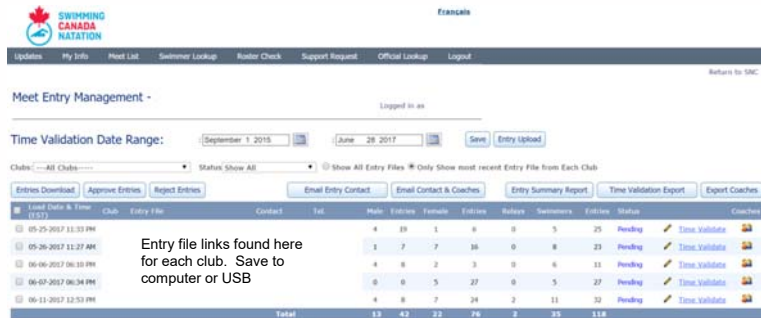

- A contract with the facility may be required for all full weekend meets as well as the one session smaller meets as well
- Confirm with pool administration at least 1 month in advance that all is in place and contract has been signed, if applicable
- Contract/agreement may include the following specifics: garbage collection; equipment available (tables and chairs); guard set-up and cost; pool set-up and timing, if applicable; electronics set-up and operation, including maintenance and repair; additional rooms available for use (officials room; meet office); rules for photographers; pool and deck temperature adjustments, if necessary
- A positive working relationship with the facility staff will ensure problems are solved quickly and effectively
- Many facilities request booking meets a season in advance, ie. all meets for 2017/18 season, tentatively booked in May/June 2017

## PRE-MEET AFTER ENTRY DEADLINE

- As Meet Manager, you are likely also managing the entries from Clubs/Coaches as they come in
- You can review prior to the entry deadline, however many Clubs will upload a final entry file on the entry deadline
- You will download the Club entries directly from the Swimming Canada site and load into your meet management software (hy-tek or splash)

## PRE-MEET AFTER ENTRY DEADLINE

Once all entries have been received and are loaded into your meet management software you should review the following information prior to seeding the meet

- Session reports – how is the session length for each session? Will adjustments be needed, ie. Change of warm-up times; 2 per lane for distance. Session lengths should not be more than 4.5 hours.
- Review psych sheets, check fastest and slowest times for each event. Are they correct? You can often catch an entry file error here prior to the meet that can impact your session reports. For example: an entry time of 1 hour for a 400 IM instead of 6 minutes, or a 20 second 100 free for a 10 and under swimmer
- Review exception report, if required

## PRE-MEET AFTER ENTRY DEADLINE

Once you are confident the database for your meet is complete, you will seed the meet and print your programs/heat sheets.

- **Once you seed the meet and print your heat sheets/programs for printing/publication – DO NOT re-seed the meet**
- Save a back-up of the meet at this point and send to Competition Coordinator or Meet Manager back-up just in case a re-seed has been done in error
- Send final session reports to Competition Coordinator and Officials Chairperson
- Be prepared for many requests from coaches for changes. Ensure you handle all requests consistently. Changes made prior to final seeding and printing of programs are easier than changes made after. Follow your meet package and above all ensure consistency.

- Post signage for deck access, if required
- Set-up meet office with all required equipment and supplies, prepare award envelopes and post session reports for coaches access during the meet.

# PARA-SWIMMING

## PARA-SWIMMING OFFICIATING

- As a Meet Manager you may have a meet with Para-swimmers and/or Para events
- The rules are exactly the same as able bodied; however, exceptions are allowed with some of the rules for the Para swimmers who are identified with their sport class (e.g., S8, SB7, SM8), due to a specific impairment. Their sport class is found between their first and last name in a heat sheet.
- The sport class (e.g., S8, SB7, S14) will be included in the swimmers name to detail their specific impairment
- You should be aware of Para-swimmers in your meet and may need to adjust lane assignments to support the swimmers as needed

## PARA-SWIMMING OFFICIATING

Technical Advisor – will be appointed for Swimming Canada Designated meets and International competitions which include Para-swimmers. When a Technical Advisor is not present at a competition, the Referee is responsible for including the Code of Exceptions on the heat sheets for all Canadian Para-swimmers competing in the competition.
