Club Administration Info

New Registration System

Hopefully Club Registrars have had the opportunity to try out the new registration system. Please be patient as we work through the challenges ahead. Swimming/Natation Canada has recently informed Swim Ontario that swimmer contact information was not transferred over to the new system from SwimDirect. Club Registrars are requested to begin setting up all member families with accounts so they can enter their swimmer contact information. Due to the need to evaluate statistics and to have accurate residential contact information, Swim Ontario requests families to enter the address which the swimmer resides at – ie. not a PO Box or school address. To ease the workload for the new swimming season, Swim Ontario suggests work begin on this now so all information is in place for September. The Club Registration Guide can be found [HERE](#).

Gold Bonus Invoices

The new electronic sanctioning process via SNC has made things even easier for clubs. Once you have completed uploading your results to SNC, and are still in the completed meets view, if you click on the post meet report icon, you will see that a gold bonus invoice has been created for you from the result postings you have provided. All you need to do is print that report and submit it along with your gold bonus cheque to Swim Ontario. However, for any of your approved meets, you must still submit your calculations on a hard copy of the gold bonus report form and submit that along with your cheque to Swim Ontario.

Congratulations NKB!

It appears that the Nepean Kanata Barracudas (NKB) in Eastern Region have been extremely busy! The Children's Hospital of Eastern Ontario Foundation applauded NKB Swim Club for raising more than \$345,000 for the Foundation! NKB has been a valued contributor for more than 20 years, said Norma Lamont, Vice-President of Community Development. She also stated that the funds raised by the club's swimmers have made a real difference for the CHEO. Swim Ontario would like to extend their congratulations to NKB for their hard work and dedication to the sport of swimming and community involvement.
